## DINJERRA PRIMARY SCHOOL

### **SPECIAL NOTICE TO PARENTS & GUARDIANS: SCHOOL HOLIDAYS BROUGHT FORWARD**

Dear Parents/Guardians,

Yesterday Daniel Andrews, the Victorian Premier, announced that school holidays will commence early - **Tuesday 24<sup>th</sup> March. This means today Monday, March 23 will be the last day of Term One.**

However, the school will be open to offer a limited care and supervision program **only** for any children of **essential service workers**. If you are an essential service worker and require this service, please contact the school before the close of business today, **March 23**.

Students will go on holidays until **Wednesday, April 15** when school is meant to re-start. The Government has shut-down everything but the emergency services so there is a chance that schools will not re-open on April 15. We will not find this out until sometime over the holidays.

If the school does not re-open, we will provide a learning program via **COMPASS** and by providing learning packs for the younger children. See **COMPASS** after the holidays for further information about this.

Please log on to **COMPASS** and get used to using it. All important information will be logged there. If you are not currently able to access **COMPASS**, please contact Catherine Robertson and she will try to fix your problem.

Please everyone, be safe. Follow the physical distancing rules and keep scrubbing those hands. We want all of our Dinjerra community to be back with us when this horrible time is over.

Graeme Smith.

Principal.
